OUR BUSINESS

HOUSEHOLD SEWING MACHINE

We are engaged in planning, development, marketing, and sales of Baby Lock branded household sewing machines. Baby Lock is not only known as the brand name for the world's first household overlock sewing machine but is also highly appreciated by sewing fans around the world as a Japanese product with high functionality and quality.

WORKSHOP SPACE MAKERSPACE

We are engaged in operating workshop space "baby lock studio" in Tokyo and Osaka and provides a variety of sewing classes and events. Our studio also serves as a makerspace that provides a wide range of tools, sewing machines, digital fabrications and knowledge for prosumers.

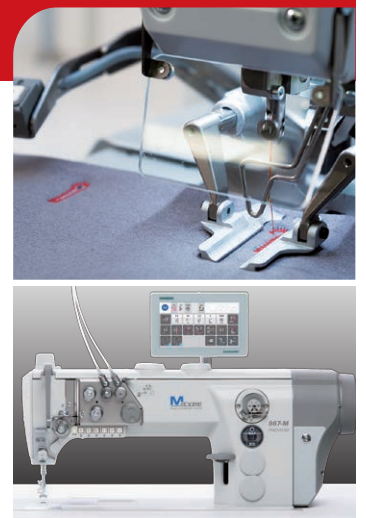

DIGITAL FABRICATION

We are engaged in sales and maintenance of digital fabrication such as Inkjet textile printers, UV printers, laser cutter, and digital embroidery machine which contribute High-mix low-volume production.

INDUSTRIAL SEWING MACHINE

We are engaged in importing, sales, and maintenance of industrial sewing machines. The brands we handle are Dürkopp Adler, Maier and KSL which are highly functional and high-quality industrial sewing machines use for sewing high value-added products.

INDUSTRIAL DIGITAL CUTTER AND SOFTWARE (CAD/CAM)

We are engaged in importing, sales, and maintenance of Industrial Digital Cutter and Software (CAD/CAM) which contribute to increased production efficiency and higher value-added product manufacturing. The brands we handle are Zund/Swiss, Comeltz/Italia, and Mind/Portugal.

VEGETABLE PACKAGE MACHINE

We are engaged in planning, sales and maintenance of Vegetable Packaging Machine. Our experience and expertise in the field of vegetable packaging allow us to provide the best packaging solutions.
